

ServeReady™ Regimen Selector

NOTES:

- a) The angle of each bar reflects the range of outcomes, depending on soil levels and products of choice.
- b) Regimen choice is driven by the situation and covered in employee training.
- c) Each of these regimens can be followed by donning single-use gloves for added protection.
- d) Core handwash: Pre-rinse/wet hands. Scrub 15 seconds with liquid or foam soap. 2 gpm flow of 100F water. Paper towel dry. [http://www.handwashingforlife.com/the\\_core\\_handwash](http://www.handwashingforlife.com/the_core_handwash)
- e) For more on the application of this risk-based Regimen Selector, go to: [www.handwashingforlife.com/the\\_core\\_handwash](http://www.handwashingforlife.com/the_core_handwash)
